WOMEN GET READY

is a project co-funded by the European Commission whose main objective is to empower women and boost their digital readiness in order to increase their job opportunities.

Partners coming from 8 different European Countries - **Belgium, Portugal, Italy, Ireland, Cyprus, Greece, Poland and Spain** - are cooperating to implement the project over the next two years.

WOMEN GET READY aims at:

- Supporting non-digital women entering the digital world
- Developing self-assessment, tools that boost their self-confidence
- Challenging gender-biased stereotypes related to the digital economy and boost women's confidence to pursue digital-related careers
- Promoting effective ways to address return-to-work after career breaks
- Creating networking opportunities for women
